FARMERS FORUM MEETING

ORGANISED BY WEALDEN FOOD PARTNERSHIP

I'm pleased to say that we have a confirmed date for farmers to meet with the Head of Planning from Wealden District Council. The session will be on Monday 31st July at 10am and will be held at Montague Farm on the Pevensey Levels, Hankham Hall Road, BN24 5BB.

This is a rare opportunity to have a face to face open and honest conversation with Stacey Robins, Head of Planning, and we also hope that local councillors will be in attendance. Please do come along and have your say! It will be to discuss the lack of local infrastructure such as the closure of the abattoir at Tottingworth and the threat to Hailsham cattle market, among other issues, and the general lack of support for farmers, and to look at possible solutions for the future.

Competitive Direct Drilling Service

Using our proven Simtech Aitchison direct drill we seed into all surfaces - grasses, clovers, brassicas, cereals, pulses, maize and all mixtures. The unique T-slot boot allows a perfect environment for the seeds to germinate, along its 3 metre sowing width with 20 rows (15cm). This method saves time and money compared with more traditional re-seeding methods, but is also capable of stitching and rejuvenating existing crops.
