HAILSHAM MARKET - PRIMESTOCK DAY

PRIMESTOCK - WEDNESDAY 11TH JUNE

PRIME CATTLE (3) *Auctioneer: Roger Waters*

Token offering - Waters Partnership's smart Simmental x Shorthorn steer a respectable **£2368** ie: 640kg @ £370p per kg. More wanted!

CULL CATTLE (4) *Auctioneer: Roger Waters*

Confidence abound in the market place - Crispin Tebbutt's lean Aberdeen Angus x cow 270p per kg and others @ 257p per kg and 240p per kg, topping out @ **£1971**. *Chopper Harris'* purebred Limousin bull as advertised, nearly **£2500** weighing in at 935kg and trading at 265p per kg.

CALVES (0) *Auctioneer: Roger Waters*

No calves on offer this week.

PIGS (4) *Auctioneer: Alex Moss*

Mr Derek Crush brings a small consignment of cutters with more or less a stand on trade from last week. The top making **220p per kg, 120p per kg twice and 115p per kg twice**. Mr Crush promises more pigs next week.

SHEEP – 1087

Definitely not enough sheep for the level of trade experienced at Hailsham today. Other centres report lacklustre returns and a bad dose of “post festival blues”. This is not the case at Hailsham. Trade across the board was better today than during the last two weeks prior to the festival.

HAILSHAM MARKET – The home of the Retail Butcher Buyer, the Wholesale Butcher Buyer and the Career Livestock Buyer. The Chancellor is to announce a spending review today which will inevitably lead to increased taxation this autumn.

The prices achieved hereunder speaks for itself.

PRIME LAMBS (416) *Auctioneer: Nick Young* **Overall average 344.8p**

A great jump in the trade! Many more on offer and the butcher/wholesaler competition was fierce. Top call to **Messrs. Tester**, Arundel **£169**. In the price per kilo stakes top place deservedly to local supporters, **The Norton Farm Partnership 380p**. Prime lambs are wanted at Hailsham. Please let us know exactly what you have. The bigger the lamb, the better the price.

HAILSHAM MARKET - PRIMESTOCK DAY

Competitive Direct Drilling Service

Using our new Fentech's latest Agri Pneumatic 3m Drill (150mm spacing over 20 tines) we seed into all surfaces – grasses, clovers, brassicas, cereals, pulses, maize and all mixtures. The unique T-slot boot allows a perfect environment for the seeds to germinate, along its 3m sowing width with 20 rows (15cm).

This method saves time and money compared with more traditional re-seeding methods, but is also capable of stitching and rejuvenating existing crops.
