The sun shone brightly at Hailsham. Short numbers. Despite the clashing date with the Festival of Eid, trade although selective, held up well.

The self-styled guru of British politics, Tony Blair, believes the introduction of Artificial Intelligence will be akin to the Industrial Revolution between the mid-18th and 19th centuries.

A retired Kent livestock auctioneer was seen strolling down the main street in Lewes on his way to a football match last Sunday. He looked well. Photographic evidence is available provided a donation is made to RABI!!

Competitive Direct Drilling Service

Using our new Fentech's latest Agri Pneumatic 3m Drill (150mm spacing over 20 tines) we seed into all surfaces - grasses, clovers, brassicas, cereals, pulses, maize and all mixtures. The unique T-slot boot allows a perfect environment for the seeds to germinate, along its 3m sowing width with 20 rows (15cm).

This method saves time and money compared with more traditional re-seeding methods, but is also capable of stitching and rejuvenating existing crops.
