NORTHOVER FARM AT ARDINGLY SHOWGROUND SATURDAY 4TH DECEMBER 2021

Most probably the sale of the century

oooh what an event.....

Outstanding machinery,

Outstanding prices,

Outstanding day.

Bids from Ireland, bids from Wales, word had definitely got around about the quality of the goods we had to offer – well maintained, well presented, well looked after, all in excellent order – A credit to our client CD & J Jeffries.

Good second hand machinery is short and then there is a waiting list for some new kit.

We thought it would be a good day and we were not wrong.

East Sussex Farmers' Benevolent Fund

The Benevolent Fund charity was created in 1935 by a local farmer and its purpose is to support farmers, farm staff and those involved in the wider land-based industries. Support can also be given to family dependants. Beneficiaries are normally resident in East Sussex or neighbouring counties. Income from property and investment legacies help to finance the fund in addition to generous donations, the fund is overseen by five local trustees with strong agricultural connections.

Help can be for those currently in work, or who have retired or who are unable to work due to illness or disability. The fund can also assist those entering land-based education and help with relevant CPD for furthering land-based careers. If you feel that we can help or you are aware of someone who might be experiencing difficulties we will be pleased to support. Please contact the Honorary Secretary of the Benevolent Fund.

SDF PEST CONTROL

Laser Bird Control

Laser technology is now being utilised for bird pest control in farming & urban areas. It is an effective bird scarer technique, as nuisance birds, perceive the laser beam as an approaching danger so their instinctive behaviour is to move away from the protected area.
