East Sussex Farmers' Benevolent Fund

The Benevolent Fund charity was created in 1935 by a local farmer and its purpose is to support farmers, farm staff and those involved in the wider land-based industries. Support can also be given to family dependants. Beneficiaries are normally resident in East Sussex or neighbouring counties. Income from property and investment legacies help to finance the fund in addition to generous donations, the fund is overseen by five local trustees with strong agricultural connections.

Help can be for those currently in work, or who have retired or who are unable to work due to illness or disability. The fund can also assist those entering land-based education and help with relevant CPD for furthering land-based careers. If you feel that we can help or you are aware of someone who might be experiencing difficulties we will be pleased to support. Please contact the Honorary Secretary of the Benevolent Fund.

Competitive Direct Drilling Service

Using our proven Simtech Aitchison direct drill we seed into all surfaces - grasses, clovers, brassicas, cereals, pulses, maize and all mixtures. The unique T-slot boot allows a perfect environment for the seeds to germinate, along its 3 metre sowing width with 20 rows (15cm). This method saves time and money compared with more traditional re-seeding methods, but is also capable of stitching and rejuvenating existing crops.
