HAILSHAM MARKET - PRIMESTOCK DAY

PRIME STOCK – WEDNESDAY 7TH SEPTEMBER

PRIME CATTLE (0) (UNDERAGE & OVERAGE) **Auctioneer:** Roger Waters

CULL COWS (2) **Auctioneer:** Roger Waters

Only two culls. Aberdeen Angus cross **£605.15**, lean Limousin cross to feed on **£638.25**.

CALVES (31) **Auctioneer:** Roger Waters

Another promising entry, very much a stand on trade - no sign of any reduction in the price of milk powder or calf nuts gives little encouragement for the trade to go up a gear.

Lower Claverham Farm have British Blue cross bulls to **£160** and Holstein bulls to **£41**.

Lord Newton's Channel Island bred British Blue heifer to **£62**. **Mrs M E H Pile & Son's** Holstein bull to **£55**, but their trio of reared British Blue cross steers, 4/5 months make star trade at **£500!** No milk required!

Entered for next week - 20 plus Aberdeen Angus, British Blue, Fleckvieh, Danish Red bull and heifer calves.

PIGS (16)

A useful entry of pigs selling well. Only the 7 cutters this week from **GJ & J Miles**. Quality Pietrain cross all sold well, 146p per kilo, 135p, 125p with the top pen grossing **£122.64** each.

Not the heaviest of sows on offer but good value for money at 55p per kilo for 92kg, grossing **£50.60**. Others 30p per kilo and 25p per kilo.

Please let us know if you are bringing pigs to Hailsham so we can inform our buyers

INCONCLUSIVE TB REACTORS

Have you had an Inconclusive Reactor (IR) on your holding ?
Which has subsequently been resolved (ie passed it's TB test)

Please check your 'IR's' before selling them

NB: They can only go direct to a slaughter house or AFU under licence.

South East Marts are happy to arrange this for you.

The only other option is to test the animal again, at your cost using an interferon-gamma blood test, then if this is negative, restrictions will be lifted.

Competitive Direct Drilling Service

Using our proven Simtech Aitchison direct drill we seed into all surfaces - grasses, clovers, brassicas, cereals, pulses, maize and all mixtures. The unique T-slot boot allows a perfect environment for the seeds to germinate, along its 3 metre sowing width with 20 rows (15cm). This method saves time and money compared with more traditional re-seeding methods, but is also capable of stitching and rejuvenating existing crops.
