## East Sussex Farmers' Benevolent Fund

The Benevolent Fund charity was created in 1935 by a local farmer and its purpose is to support farmers, farm staff and those involved in the wider land-based industries. Support can also be given to family dependants. Beneficiaries are normally resident in East Sussex or neighbouring counties. Income from property and investment legacies help to finance the fund in addition to generous donations, the fund is overseen by five local trustees with strong agricultural connections.

Help can be for those currently in work, or who have retired or who are unable to work due to illness or disability. The fund can also assist those entering land-based education and help with relevant CPD for furthering land-based careers. If you feel that we can help or you are aware of someone who might be experiencing difficulties we will be pleased to support.

Please contact the Honorary Secretary of the Benevolent Fund

# "Mastering Medicines" Farmer Training Course

Making best use of farm medicines is not only good practice but in an environment where antimicrobials and wormer resistance is on the rise it is becoming more apparent that farmers have the working knowledge on it too. Suitable for *Red Tractor requirement AM.b.1*

Learning outcomes:

- Develop knowledge on different types of medicine available
- Safe administration of medicines
- Storage and maintenance according to legislations and farm assurance
- The difference between vaccines and treatments and legislative classes
