**Vintage tractors sail to France to deliver English produce in support of**  
**Hailsham Twinning**

Anglo-French relations reached a new high when members of the Chailey Classic & Vintage Tractor Club and Tinkers Park Steam Charitable Trust drove four vintage tractors to Gournay-en-Bray, some 50 miles south of Dieppe. Ferry operator DFDS transported the convoy of vintage tractors, dating back as far as 1953, who started their journey from Hailsham Livestock Market. The trip was initiated to support the Twinning Associations of the two market towns. The route was planned by Howard Venters, Chairman of Chailey Tractor Club and Adrian Vaughan, a Trustee of Tinkers Park, who led the procession on a vintage Massey-Ferguson 35, followed by his partner Morna Cox on a 1950s Little Grey Fergie' and Drew Larkin driving a 1967 'Unimog'. Chailey Tractor Club's Vice-Chairman, Peter Olbrich, took his 1965 Nuffield.

The British contingent were hosted by Gournay's own vintage tractor club, where more than 100 machines of various makes and models were proudly displayed for the weekend, alongside those of the British contingent, together with working horses, stationary engines and many other agricultural by-gones. On Sunday afternoon, the British took pride of place having been given the honour of leading the annual procession of tractors through the streets of the sleepy French town, much to the delight and surprise of local

adults and children alike.

The four tractors carried gifts for the French and the team presented Gournay's Tractor Club 'Passion Tracteur Collection' with samples of English dairy produce from Hook & Sons of Hailsham, English cheese and cider from High Hurstwood plus many well received pints of Harveys best bitter, kindly donated by the Lewes based brewery and within whose yard the two clubs held an enormous gathering of tractors and steam just a couple of weeks ago.

Having departed Hailsham market to the sound of the auctioneer's bell, the vintage tractors drove to the port of Newhaven and boarded the night sailing to Dieppe to arrive early the next morning for their six-hour journey to Gournay-en-Bray.

According to Adrian, this is likely to develop into a regular crossing. "The President of the French Tractor Club and his committee have already asked to visit our Steam Rally in early June, and we are already planning our next trip to Gournay of at least 100 machines, which will include steam traction engines, tractors and vintage military vehicles".

Howard said it was a collective team effort. "Without those who were prepared to drive their tractors such a distance, we could not have achieved our goal which was to support our twinner, meet our French Tractor Club colleagues and develop an enormous amount of goodwill, upon which we can build in the future."

"Equally, without the tremendous support we received from many, particularly ferry operator DFDS and Harveys of Lewes, we could not possibly have achieved such a successful and charitable visit. The port of Newhaven is right on our doorstep and with such a quick and pleasant crossing available to us daily, I have no doubt we will be taking tractors and other vintage vehicles across on many occasions over the next few months."

# Heathfield Show Press Release

**Organisation for the 'must do' event of the year is nearing completion.**

Saturday, 25th May is the Heathfield & District Agricultural Show. The build up for the Show is taking place on the Broad Oak Showground of the Heathfield Show. This green field site is the restaurant, for 350 days a year, for cows and sheep and you can see them grazing contentedly. But, for 14 days it becomes the focus of much activity and then on the 15th, and final day, it becomes the stage for one of the most successful one day agricultural shows in the south east of England.

This year will be no exception. Known as the premier one day agricultural show in the south east, the Heathfield Show brings an exciting day out for the young and old. This year's Show will be on Saturday 25th May at Little Tottingworth Farm, Broad Oak, by kind permission of the Trustees of Mr & Mrs DW Browning. The Show has become a 'must do' in the diaries of country loving people both locally and from far and wide.

This year the Heathfield Show is proud to be able to announce that entries in all sections are up over last year, with an incredible 20% increase in entries in the Sheep Section, thus maintaining its strong embedded history of agriculture. With 10 sheep, cattle, pig and horse competition rings being used throughout the morning and early afternoon it ensures there is plenty for all the family to see and do. Heathfield Show has been chosen as a qualifier show for many of the major breed championship events throughout England.

Events around the Showground include the grand parade of livestock, the horse show, working steam, our very own Arts & Craft marquee, trade stands selling products ranging from combine harvesters to spinning tops, from tools of the trade to kitchen sieves, including a shopping arcade. With ever changing displays in the main arena, there is also a Flower Show, Poultry and Education areas and not forgetting our New Enterprise Zone showcasing new businesses in the area who have been trading for less than a year.

This year we have the Monster Trucks returning to crash their way through 10 cars in the Main Ring. A roaring spectacular, Big Pete, launches across the ring crushing and tearing anything in his way. In contrast to this we have the Shetland Pony Grand National. These agile little ponies are skilfully navigated around a series of jumps in a knock-out competition. Have a friendly bet on who you think is going to win. Another first for the Show this year is the Inter Hunt Relay. Four hunts will be competing in Ring 2. This will be a knock out competition. Good practice for all those teams going forward to the South of England qualifying event.

The Country Ways area at the Heathfield Show was established with a vision to acknowledge and promote fine craftsmanship, traditional skills and rare trades.

Our aim is to promote artisans pursuing traditional trades as a career with authenticity and an integrity that validates what they do and acknowledges their

dedication to preserving and passing on traditional skills and knowledge. We hope to provide a platform for true career artisans to share their skills and demonstrate their trades to an audience that is genuinely engaged. The area aims to deliver an experience that is authentic and real whilst retaining the integrity on which it was founded. This year is no exception with highlights being a thatcher, blacksmith, bee keeper, chair bodger and many many more.

Please refer to our web site for an up-to-date listing of all taking part.

Substantial discounts can be obtained by purchasing your tickets in advance from many local outlets or direct on line. Details can be found on the Heathfield Show website.
